**# 54      Let's Build a Gallery Part 1**

**Golf Bag:**

**You Need Clubs to Play Golf**

**Where to Start**

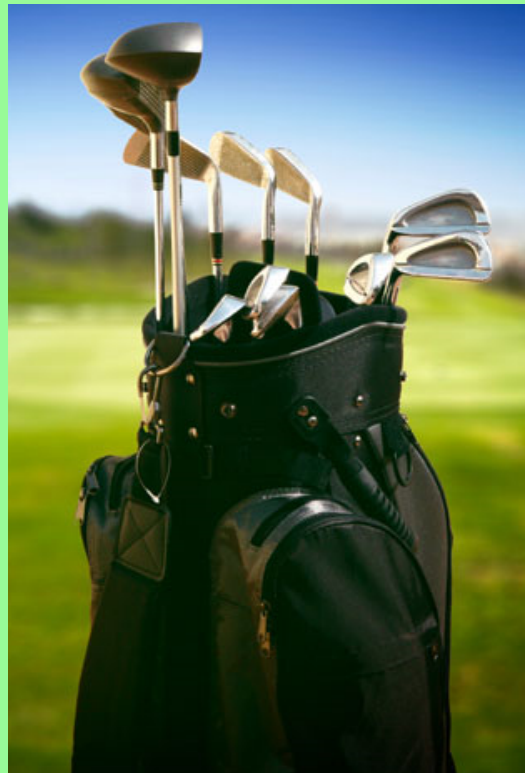

**Making new folders**

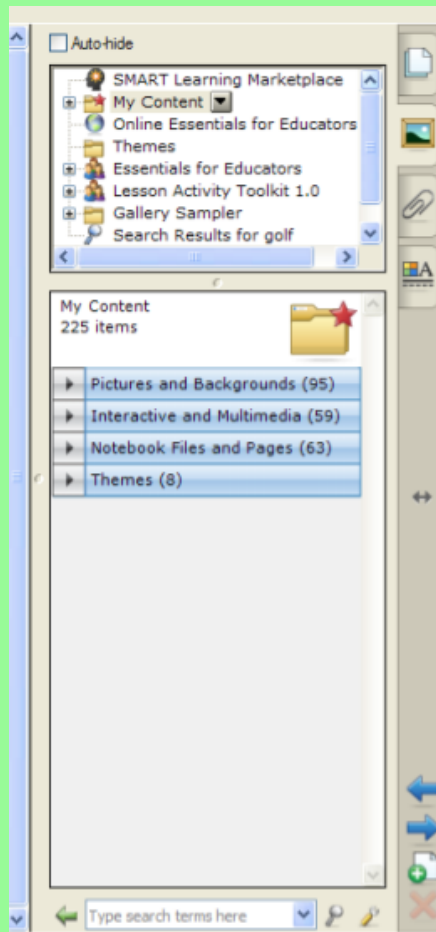

**What do I add?**

**Searching**

**Gift**

**We have a gift for you**

Why do refrigerators hum?  
Because they don't know  
the words.

What word starts with E and has  
only one letter in it?  
Envelope.

**Gentlemen,**

**Words cannot express my gratitude for the videos you have created for using the SmartBoard. I was the first elementary teacher to receive a SmartBoard in our district a year ago. Since then we have purchased an additional 20 for our district and I have been attempting to teach other staff members on how to use the boards. I thought I was proficient in using the board until I saw your videos. Even though I am only up to episode 11, I have learned a wealth of information from your videos that I have been able to share with other staff members. This summer, I will be teaching staff members in workshops on how to use the SmartBoard. With your permission, I would like to incorporate your videos into my lessons or instruction.**

**Again, thank you ever so much for the instructional videos. You have helped to make my fifth grade classroom a better place to be for instruction.**

**Thanks again!**

**Bruce A. Jones  
Secrest Elementary  
Senecaville, OH**

**Thank You! I just found one of your videos on the Internet and loved it. (Episode #2)**

**I found 53 episodes. I'm looking forward to viewing them. The math teachers in my area will be so pleased. Most of us are new to Smartboards and your podcasts are so informative.**

**I am so hoping you will allow me to use them in my training sessions.**

**Marianne Hart  
Computer Education Coordinator**

**Scott & Dave,**

**Thanks for your GREAT podcasts & lessons. I may not be a 6th grade math teacher (I teach an Elementary dyslexia program) but I can always find something in your lessons to use in my classes.**

**Venita Sudduth  
Flower Mound, Texas**
