Do you want to effectively teach with the SMARTBoard? This is workshop full of ways to engage your students while using SMART technologies. Scott Miller and David Sladkey the co-hosts of the TEACHING WITH SMARTBOARD podcast will be leading you for 2 full days of instruction and interaction. Not only will you have material that you can immediately use, but you will have the templates to create a myriad of activities in your classroom for the future. You will also be supplied with many tools so you can bring Professional Development back to your school. Included in your \$330 value: 16 hours of SMARTBoard PD, dinner on Monday and lunch on Tuesday, Easy Smartboard Teaching Templates Book, Easy Smartboard Teaching Templates Notebook Version, Energizing Brain Breaks Books 1 and 2, Energizing Brain Breaks Smartboard Version 1 and 2. That is a lot of materials that are included free! What a deal!

Scott Miller and David Sladkey have been teaching with SMARTBoards in their math classes for 9 years. They have trained teachers on how to effectively engage students using SMARTBoards all over the country. They have presented numerous times at local, state and national workshops. See their work at www.teachingwithsmartboard.com.
